About Kaukauna Area Schools

Kaukauna Area School District (KASD) serves 4,100 students in seven schools, providing quality education in early childhood through grade 12. Highly qualified teachers guide daily learning, assisted by technology that includes an interactive white board in each classroom, access to WIFI in all district buildings and multiple computer labs. KASD has adopted a Response to Intervention (RtI) model, supporting success for all children. Learning opportunities at the high school include a strong core curriculum that includes AP courses as well as a variety of elective programs with numerous courses articulated with Fox Valley Technical College for transcribed credit or advanced standing.
