

# Tanner Early Learning Center... A Special Experience!

Tanner Early Learning Center educates the whole child by exposing them to many different facets of learning. Our 4K students are educated in all core content areas using the Wisconsin Model Early Learning Standards. The staff integrates age appropriate content in a variety of ways including: learning centers, technology, art projects, hands on learning, field trips, songs, and more! Our students leave 4K with a solid academic foundation, which will better prepare them for Kindergarten.

**You and your child will enjoy a truly memorable and special experience at  
Tanner Early Learning Center!**

## Literacy Rich Classrooms

Letter Recognition  
Letter Sounds  
Sight Words  
Punctuation (. ? !)  
Reading, Reading & More Reading!!
