

# Electric City Youth soccer is proud to offer this spring a Program for your 3 and 4-year-old.

Electric City is teaming up with GCS Academy to bring their “Me, Mom and Dad” program to Kaukauna.

## What is the ME, DAD AND MOM (MDM) Program?

The MDM is a program that introduces some fun educational games in a family orientated environment. It’s a program where Mom and Dad or either one will interact with their loved one.

At this age, we will be focusing on motor skill development, balance as well as eye–hand and foot-eye coordination. We will also help develop your loved one’s social and emotional skills. Imagine you interacting with your son or daughter, helping them learn how to share, how to empower them to do an activity. You will be amazed when you see the happiness that a FUN family game can do to the little ones.

With the MDM program, you won’t have to worry about your child’s social and emotional skills anymore. We will help you go through it. They will build their social, emotional and physical skills, right next to you.

If you can commit 45 minutes a week, you will help your child develops 3 important skills in one session:

- Social
- Emotional
- Physical

The MDM program will run all Spring and Summer. The program will for four weeks: May 29<sup>th</sup> through June 19<sup>th</sup>.

### Program Overview

This program is based on the interaction between you and your loved one. We are creating an environment where parents can do their work out with their kids and build a healthy family.

### Program Structure

We will have one parent with the child on the field all the time. The trainer, will walk the parents through the activities and help get the kids engaged. Why work out at the gym alone when you can join your child in a Fun and Lovely MDM program

### Program Requirements (in addition to the Signed waiver)

- Parents and kids need to wear tennis shoes.
- Water bottles
- No soccer ball needed. We will be providing some soft soccer balls and the other training materials.
