Absence Reporting

Absences for sickness and/or emergency shall be reported by the employee as soon as the employee knows an absence will occur.

The Kaukauna Area School District uses the automated substitute service (AESOP) for recording absences and finding substitutes for instructional, pupil services, administrative assistant and educational assistant staff. This service is available 24 hours a day, seven days a week. Employees are able to access this system by phone or online. In the case of a daily absence, employees should enter their absence as soon as possible the morning of the absence. Planned absences such as school business should also be entered ahead of time, at least twelve (12) hours or more prior to the absence, to assure that a substitute is available. A reason for each absence shall be indicated.

Accident/Incident Reports

All accident/incidents occurring on District property, school buses or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the building principal/immediate supervisor immediately. Reports should cover property damage as well as personal injury. A completed accident report form must be submitted within twenty-four (24) hours or the next scheduled District workday.

Attendance

The District expects employees to make every effort to be present for work. Employees are expected to adhere to their assigned schedule. In order for the schools to operate effectively, employees are expected to perform all assigned duties and work all scheduled hours during each designated workday, unless the employee has received approved leave. Breaks and meal periods may only be taken during times designated by the employee's supervisor/building administrator and as further specified in other parts of this *Handbook*. Any deviation from assigned hours must have prior approval from the employee's supervisor/building administrator.

Employees who are unable to report to work shall follow the applicable procedures using either the AESOP or Skyward system for reporting his/her absence. Any time spent not working during an employee's scheduled day must be accounted for in AESOP/Skyward using the appropriate reasons. The District will monitor attendance and absence patterns. Theft of time and/or improper modification of time worked records will be investigated and will result in disciplinary action up to and including termination. Failure to notify the District of an absence and failure to report to work on such day could result in disciplinary action up to and including termination. Failure to return to work the day following the expiration of an authorized leave of absence may result in termination of employment.

Attendance at School Events

Certified staff are required to attend all mandatory administratively required school events. These events, though not limited by enumeration, may be an open house, music program, graduation ceremony, art show and/or other District or building event that occurs after the normal workday. Certified staff who have a co-curricular conflict or have pre-approved coursework to attend may be excused at the discretion of the District Administrator and/or his/her designee. Such conflict should be communicated to the applicable administrator as soon as possible before the date of the event.

Building Use For Personal Events

While the school sites and surrounding property at those locations offer great advantages to hosting a private event the district must stand firm that no personal gatherings can take place on school district property. Insurance stipulations and added risk taken on by the district along with extra maintenance costs are the prime reason that this practice must be denied.

Child Abuse and Neglect

A. Reporting Requirement:

1. Wisconsin Statutes § 48.981 requires that all school employees who have reasonable cause to suspect that a child seen in the course of their professional duties report any suspected child abuse or neglect which they encounter. The building principal, school nurse, school counselors, school psychologists and police liaison officer can assist in making contact with Child Protection on matters of physical, sexual or emotional abuse of children. The school district and the law are very specific in two areas:
 - a. In cases of suspected child abuse, school employees cannot pass off to another employee the mandated responsibility to contact Child Protection.
 - b. The investigation of suspected child abuse is the responsibility of Law Enforcement and Child Protection investigators and not school district employees. School employees are not to undertake any such investigation.

2. Board Policy 454
Wis. Stat. § 48.981 requires all school employees to report cases of suspected child abuse or neglect. Employees who report suspected child abuse or neglect are requested to inform their school administrator of the fact they are making a report and the identity of the child suspected of being the victim of the abuse or neglect. It is not the responsibility of the school employee to prove that the child has been abused or neglected or to determine whether the child is in need of protection. The required report may be made to the appropriate law enforcement agency or child protective services agency as identified in Board Policy 454.

B. Training Requirement:

1. Within the first six (6) months of initial employment with the District, every school employee shall be required to receive training provided for by the Department of Public Instruction in identifying children who have been abused or neglected and the laws and procedures for reporting such abuse. The District may require such training be completed earlier than the first six (6) months of initial employment.
2. At least once every five (5) years after initial training, every school employee shall receive training provided for by the Department of Public Instruction in identifying children who have been abused or neglected and the laws and procedures for reporting such abuse.
3. Certificates of completion of such training shall be forwarded to the District office and will be retained in the employee's personnel file.

Co-Curricular Activities

A. Letter of Assignment

1. Activity assignments will be offered to the individual who, in the sole discretion of the District, is the most qualified applicant. However, under no circumstances shall a Board member work as a coach, assistant coach, advisor, or assistant advisor to a co-curricular activity (on either a paid or a volunteer basis).
2. The stipend for co-curricular activities shall be specified in the letter of assignment.
3. The letter of assignment shall not be deemed a contract, and individuals holding co-curricular positions are at-will employees.

B. Payments

Payments for co-curricular activities shall be made in accordance with District payroll procedures. Payment for year round activities will be divided equally among regular district payroll periods. Payment for seasonal activities will be divided equally among end-of-the-month district payroll periods for payment during the term of the activity. Employees not completing their contracted duties will not be compensated for the portion of the activity for which they do not complete and shall be required to pay back to the district any overpayments

C. Co-Curricular Work Schedule

Co-curricular assignments may occasionally occur during part of an employee's regular workday in his/her other position(s) with the District (e.g., as a teacher). In such cases, the employee shall consult with the supervisor of his/her regular assignment to determine the appropriate course of action. In the supervisor's sole discretion, the employee may be (1) required to work a flexible schedule to make up time lost during his/her regular workday; (2)

relieved from the requirement to make up the time lost; (3) required to re-schedule the co-curricular activity; or (4) required to take any other action that the supervisor deems reasonable.

D. Evaluation of Co-Curricular Assignments

Individuals holding co-curricular assignments shall be evaluated in the manner and frequency that their supervisor deems appropriate. When determining the manner and frequency of evaluations, the supervisor may take into account such factors as (1) the individual's experience with the particular activity; (2) input received from participants, parents, and other stakeholders; (3) the extent to which an individual needs additional guidance or oversight; and (4) any other consideration that a supervisor, in his/or reasonable discretion, deems appropriate.

E. Upon approval from the head coach/advisor and the athletic director or principal, an individual may serve as a volunteer coach/advisor for a co-curricular activity. The following guidelines apply to volunteers:

1. They will not be eligible for salary/wages, stipend, or benefits;
2. They will be covered by the District's general liability insurance policy while acting as a volunteer coach for the District. However, there is no coverage under the District's liability insurance policy for claims made against volunteers by other volunteers or District employees;
3. They will be responsible for their own personal injuries (i.e., ineligible for worker's compensation);
4. They must consent to a background check and agree to have a tuberculin skin (TB) test;
5. They must follow all District activity and athletic policies and procedures and other District policies as applicable;
6. They accept direct and indirect supervision of the head coach; and,
7. They may be dismissed at any time for any reason.

F. Anyone who desires to be relieved of any activity for the following year must notify the District. If a replacement cannot be found for the activity, the staff member will perform the duties for the activity in question for one or more additional year(s).

Communications

The District is committed to providing technology resources that allow employees to communicate effectively with all employees in the District. In the District's effort to maintain current technology practices, more responsibility and cooperation is required of employees to use the following core software programs and technology resources.

A. Electronic Communications:

1. Electronic communications are protected by the same laws and policies and are subject to the same limitations as other types of media. When creating, using or storing messages on the network, the user should consider both the personal

ramifications and the impact on the District should the messages be disclosed or released to other parties. Extreme caution should be used when committing confidential information to the electronic messages, as confidentiality cannot be guaranteed.

2. The District may review email logs and/or messages at its discretion. Because all computer hardware, digital communication devices and software belong to the Board, users have no reasonable expectation of privacy, including the use of email, text-message and other forms of digital communications, e.g. voicemail, Twitter™, Facebook™, etc. The use of the District's technology and electronic resources is a privilege which may be revoked at any time.
3. Electronic mail transmissions and other use of the District's electronic communications systems or devices by employees shall not be considered confidential and may be monitored at any time by designated District staff to ensure appropriate use. This monitoring may include, but is not limited to, activity logging, virus scanning, and content scanning. Participation in computer-mediated conversation/discussion forums for instructional purposes must be approved by curriculum and District administration. External electronic storage devices are subject to monitoring if used with District resources.

B. User Responsibilities: Network/Internet users (students and District employees), like traditional library users or those participating in field trips, are responsible for their actions in accessing available resources. The following standards will apply to all users (students and employees) of the Network/Internet:

1. The user in whose name a system account is issued will be responsible at all times for its proper use. Users may not access another person's account without written permission from an administrator or immediate supervisor.
2. The system may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by District policy.
3. Users may not redistribute copyrighted programs or data without the written permission of the copyright holder or designee. Such permission must be specified in the document or must be obtained directly from the copyright holder or designee in accordance with applicable copyright laws, District policy, and administrative regulations.
4. A user must not knowingly attempt to access educationally inappropriate material. If a user accidentally reaches such material, the user must immediately back out of the area on the Internet containing educationally inappropriate material. The user must then notify the building administrator and/or immediate supervisor of the site address that should be added to the filtering software, so that it can be removed from accessibility.
5. A user may not disable internet tracking software or implement a private browsing feature on District computers or networks. Browsing history shall only be deleted by authorized staff or in accordance with the District's technology department's directives.

C. Electronic Communications with Students: Employees are prohibited from communicating with students who are enrolled in the District through electronic media,

except as set forth herein. An employee is not subject to this prohibition to the extent the employee has a pre-existing social or family relationship with the student.

For example, an employee may have a pre-existing relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization. The following definitions apply for purposes of this section on Electronic Communication with Students:

“Authorized Personnel” includes classroom certified staff, counselors, principals, assistant principals, directors of instruction, coaches, campus athletic coordinators, athletic trainers, and any other employee designated in writing by the District Administrator or a campus principal.

“Communicate” means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a communication; however, the employee may be subject to District regulations on personal electronic communications. Unsolicited contact from a student through electronic means is not a communication.

“Electronic media” includes all forms of social media, such as, but not limited to, the following: text messaging, instant messaging, electronic mail (email), Web logs (blogs), electronic forums (chat rooms), video sharing Websites (e.g., YouTube™), editorial comments posted on the Internet, and social network sites (e.g., Facebook™, MySpace™, Twitter™, LinkedIn™), and all forms of telecommunication such as landlines, cell phones, and web-based applications.

D. Limited Electronic Communication with Students: Authorized Personnel may communicate through electronic media with students who are currently enrolled in the District only within the following guidelines:

1. The employee shall limit communications to matters within the scope of the employee's professional responsibilities (e.g., for classroom certified staff, matters relating to class work, homework, and tests).
2. Where an employee chooses to communicate with students via electronic means, the employee shall communicate using District provided and approved electronic media. Such approved and provided electronic media includes:
 - a. SharePoint
 - b. District provided email addresses
 - c. Moodle
3. The employee is prohibited from communicating with students through a personal social network page.
4. Only a teacher, coach, trainer, or other employee who has a co-curricular duty may communicate with students through text messaging. The employee may communicate only with students who participate in the co-curricular activity over which the employee has responsibility.

5. Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any one or more currently-enrolled students.
 6. The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, including:
 - a. Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student.
 - b. Confidentiality of student records.
 - c. Confidentiality of other District records, including educator evaluations, credit card numbers, and private email addresses.
 - d. Upon written request from a parent, the employee shall discontinue communicating with the parent's minor student through email, text messaging, instant messaging, or any other form of one-to-one communication.
- E. Retention of Electronic Communications and other Electronic Media: The District archives all non-spam emails sent and/or received on the system in accordance with the District's adopted record retention schedule. After the set time has elapsed, email communications may be discarded unless the records may be relevant to any pending litigation, pending public records request, or other good cause exists for retaining email records.

Employees who create pupil records via email need to ensure that pupil records are retained for the period of time specified by the pupil records law. For this reason, the District heavily discourages the use of email as the means to communicate about individually identifiable students.

- F. Electronic Recording: Employees shall not electronically record by audio, video, or other means, any conversations or meetings unless each and every person present has been notified and consents to being electronically recorded. Persons wishing to record a meeting must obtain consent from anyone arriving late to any such meeting. Employees shall not electronically record telephone conversations unless all persons participating in the telephone conversation have consented to be electronically recorded. These provisions are not intended to limit or restrict electronic recording of publicly posted Board meetings, grievance hearings, and any other Board sanctioned meeting recorded in accordance with Board policy. These provisions are not intended to limit or restrict electronic recordings involving authorized investigations conducted by District personnel, or authorized agents of the District, or electronic recordings that are authorized by the District, e.g. surveillance videos, co-curricular activities, voicemail recordings.
- G. Compliance with Federal, State and Local Law: For all electronic media, employees are subject to certain state and federal laws, local policies, and administrative regulations, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off District property. These restrictions include:
1. Confidentiality of student records.

2. Confidentiality of other District records, including educator evaluations and private email addresses.
3. Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law.
4. Prohibition against harming others by knowingly making false statements about a colleague or the District.

H. Personal Web Pages: Employees may not misrepresent the District by creating, or posting any content to, any personal or non-authorized website that purports to be an official/authorized website of the District. No employee may purport to speak on behalf of the District through any personal or other non-authorized website.

I. Disclaimer: The District's electronic systems are provided on an "as is, as available" basis. The District does not make any warranties, whether expressed or implied, including, without limitation, those of merchantability and fitness for a particular purpose with respect to any services provided by the system and any information or software contained therein. The District does not warrant that the functions or services performed by, or that the information or software contained on the system will meet the system user's requirements, or that the system will be uninterrupted or error-free, or that defects will be corrected. Opinions, advice, services, and all other information expressed by system users, information providers, service providers, or other third-party individuals in the systems are those of the individual or entity and not the District. The District will cooperate fully with local, state, or federal officials in any investigation concerning or relating to misuse of the District's electronic communications system.

Confidentiality

Section 118.125 and 118.126 of the Wisconsin Statutes outline the confidentiality of all student records including behavioral, health and academic records. The administrative office interprets these statutes to mean that unless an individual has a "right to know," the academic, health, and behavioral records of students are not to be shared. This can be carried forward to both the written record and verbal conveyance of student health, academic, and behavior progress (or lack thereof). Open discussion of student progress, behavior, or health issues with individuals that do not have a "right to know" could be contrary to Wisconsin Statutes and could compromise professional accountability. These statutes are not intended to restrict staff from asking for assistance or ideas on how to handle a particular situation.

Consultation with Parents

Each teacher shall consult with parents so that parents recognize the important role they play in shaping the attitudes of their children and assume greater responsibility for the performance of their children and for the excellence of our schools. Such consultation may be in the form of phone contacts, home visitations, progress reports, in-person appointments, etc., in addition to the scheduled parent/teacher conferences.

Copyright

A variety of machines and equipment for reproducing materials to assist staff in carrying out their educational assignments are available to staff in both the school and home setting. Infringement on copyrighted material, whether prose, poetry, graphic images, music audiotapes, video or computer-programmed materials, is a serious offense against federal law, a violation of Board policy and contrary to ethical standards required of staff. All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as “fair use” under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form. Employees are further advised that copyright provisions apply to all forms of digital media.

Criminal Background Checks

In accordance with Board of Education Policy, all individuals applying for a position in the District are required to file in writing, in advance of employment on forms provided by the District, a statement identifying whether the applicant:

- A. Has been convicted of a misdemeanor or felony in this state or any other state or country;
- B. Has any misdemeanor or felony charges pending against them in Wisconsin or any other state or country; and
- C. Has been dismissed or non-renewed, or has resigned from employment in-lieu-of a potential dismissal or non-renewal, for any of the following causes: failure to meet the District’s performance expectations, incompetence, inefficiency, neglect of duty, unprofessional conduct or insubordination. Knowingly falsifying information shall be sufficient grounds for termination of employment.

Individuals who fail to disclose a conviction or pending charge as required on the application or background check from may be rejected from the application and/or hiring process.

Additionally, all persons applying for any position shall be required to agree to the release of all investigative records to the Board for examination for the purpose of verifying the accuracy of criminal violation information. Employment will be offered pending the return and disposition of such background checks. Employment will be offered pending the return and disposition of a background check. All offers of employment are contingent upon the results of the background check.

All District employees shall notify his/her immediate supervisor or administrator as soon as possible, but no more than three calendar days after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any felony, any offense involving moral turpitude, and any of the other offenses as indicated below:

- A. Crimes involving school property or funds;

- B. Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit that would entitle any person to hold or obtain a position as an educator;
- C. Crimes that occur wholly or in part on school property or at a school-sponsored activity;
- D. A misdemeanor which involves moral turpitude [e.g. an act or behavior that gravely violates moral sentiments or accepted moral standards of the community]; or
- E. A misdemeanor which violates the public trust.

The requirement to report a conviction or deferred adjudication shall not apply to minor traffic offenses. However, an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension must be reported if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. Such report shall be made as soon as possible, but in no circumstance more than three calendar days after the event giving rise to the duty to report. The District may conduct criminal history and background checks on its employees. An arrest, indictment or conviction of a crime shall not be an automatic basis for termination. The District shall consider the following factors in determining what action, if any, should be taken against an employee who is convicted of a crime during employment with the District:

- A. The nature of the offense;
- B. The date of the offense;
- C. The relationship between the offense and the position to which the employee is assigned.

Nothing herein shall prohibit the District from placing an employee on administrative leave or from suspending an individual based upon an arrest, indictment or conviction or from terminating employment or rights to access to the District in the above capacities for those individuals who have been convicted of a felony and who have not been pardoned of that felony.

Please note that periods of Short-Term Disability will be applied against any annual FMLA for which you are eligible.

Kaukauna Area School District administers an eligible employee's 12 weeks of FMLA on a Calendar Year basis.

Your Rights Under the Family and Medical Leave Act of 1993: FMLA requires covered employers to provide up to 12 weeks of unpaid, job protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they have worked for a covered employer for at least one year and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

Reasons for Taking: Unpaid leave must be granted for *any* of the following reasons:

- To care for the employee’s spouse, son or daughter, or parent, who has a serious health condition;
- For a serious health condition that makes the employee unable to perform the employee’s job;
- To care for an injured military service member; or
- To deal with “any qualifying exigency” arising from a military call to duty.

At the employee or employer’s option, certain kinds of *paid* leave may be substituted for unpaid leave.

Advance Notice and Medical Certification: The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

- The employee ordinarily must provide 30 days advance notice when the leave is “foreseeable.”
- An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer’s expense) and a fitness for duty report to return to work.

Job Benefits and Protection: For the duration of FMLA leave, the employer must maintain the employee’s health coverage under any “group health plan.”

- Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits and other employment terms.
- The use of FMLA cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

- 2. conducts operations or activities which are regulated by the school district or the Board;
or
- 3. has interests which may be substantially affected by the school district or the Board.

The receipt of any gift, gratuity, or anything of value as denoted above is contrary to the public policy of the district and the Board.

Grievance Procedure

The purpose of this policy is to implement the grievance procedure mandated by Wis. Stat. § 66.0509(1m).

ABILITY TO ONLY GRIEVE DISCIPLINE, TERMINATION AND WORKPLACE SAFETY

The purpose of this Section is to provide for the exclusive internal method for resolving grievances concerning discipline, termination and workplace safety. A determined effort shall be made to settle any grievance at the lowest possible level in the grievance procedure.

It is the policy of the Kaukauna Area School District to comply with all federal, state, and local workplace safety laws and regulations and not to retaliate against any employee who complains for any violation of these provisions.

- A. Grievance: A “grievance” is defined as any complaint that arises concerning discipline, termination or workplace safety.

- B. Grievant: A “grievant” may be any employee or group of employees.
- C. Day: The term “days” as used in this Section shall mean regularly scheduled workdays, unless otherwise indicated. The time within which an act is to be done under this policy shall be computed by excluding the first day and including the last day.
- D. Discipline: “Discipline” is defined as an oral reprimand (where a written record of the reprimand is placed in an employee’s file), written reprimand, suspension and demotion. Discipline does not include performance reviews, work plans, performance plans or corrective actions that do not include a reprimand or other adverse employment action.
- E. Termination: “Termination” is defined as discharge from employment. Non-renewals and/or layoffs (reduction in force) do not constitute a “termination.”
- F. Workplace safety: “Workplace safety” is defined as those conditions that relate to physical health and safety of employee(s) enforceable under federal or state law or District rule or policy related to: safety of the physical work environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence and accident risk.

For purposes of a grievance concerning workplace safety, the following provisions shall apply:

1. A grievance can be filed only if the safety of at least one employee is involved (as opposed to the safety of students or visitors.)
2. The issue must concern the safety of a person (*e.g.*, not the safety of one’s vehicle or other personal possession.)
3. The grievance must be filed by the affected employee(s) (*e.g.*, one employee may not file on behalf of another where such employee is not affected.)
4. The individual(s) filing the grievance must propose a specific remedy.
5. The issue and proposed remedy must be under the reasonable control of the District.

The time limits set forth in this Section shall be considered as substantive, and failure of the grievant to file and process the grievance within the time limits set forth in this Section shall be deemed a waiver and a settlement of the grievance. The number of days indicated at each level should be considered a maximum. The time limits specified however, may, be extended by the mutual consent of the District and the grievant. The parties may, through mutual consent, agree to start the grievance at a higher step if the grievance involves termination and is initially filed in a timely manner pursuant to the timelines set forth below.

Grievance Processing Procedure

Grievances shall be processed in accordance with the following procedure:

Step One - Informal Resolution: An earnest effort shall first be made to settle the matter informally between the employee and the immediate supervisor. A grievance may be initiated

through an informal meeting and discussion with the immediate supervisor, the employee and the employee's designated representative. The informal meeting and discussion shall occur within thirty (30) days after the facts upon which the grievance is based first occurred. The immediate supervisor will give an answer to the grievance. The grievant(s) shall be required to state the purpose of the discussions and event(s) upon which the discussions are based. The immediate supervisor shall notify the grievant and (if applicable and appropriate) the representative of his/her answer in writing within ten (10) days. If the matter cannot be resolved or if no answer is provided in the stated timeframe, the grievant(s) may file a written grievance.

Step Two - Written Grievance: If the grievance is not resolved at Step One, the grievant(s) shall file a written grievance with the immediate supervisor within ten (10) days of the response in Step One above or if no response is provided within ten (10) days of the deadline for the response. A grievance shall be filed in accordance with the Grievance Form included in the *Handbook*. The written grievance shall include:

1. The name or names of the grievant;
2. The facts upon which the grievance is based;
3. The issue(s) involved;
4. The date the alleged incident or violation took place;
5. The *Handbook* provision or policy alleged to be violated;
6. The relief sought; and
7. The signature of the grievant and date of such filing.

The immediate supervisor shall respond to the grievance in writing within ten (10) days. However, if there is an ongoing investigation related to the subject matter of the grievance, the immediate supervisor shall have until ten days after completion of the investigation to respond to the grievance. The immediate supervisor shall notify the grievant and/or his or her representative (where applicable) that he or she is conducting an investigation when it is the case that the supervisor will be unable to provide a written answer in the ten (10) day time period. If the matter cannot be resolved or if no answer is provided in the stated timeframe (absent an investigation by the supervisor), the grievant(s) may file an appeal to the District Administrator.

If the grievant's immediate supervisor is the District Administrator, the grievant shall skip Step Three and proceed directly to Step Four if he/she is not satisfied with response of his/her immediate supervisor at Step Two (or if no answer is provided in the above timeframe).

Step Three - Appeal to District Administrator: If the grievance is not resolved at Step Two, the grievant may appeal the written grievance to the District Administrator within ten (10) days after the response at Step Two or if no response is provided within ten (10) days of the deadline for the response. The District Administrator or his or her designee shall meet with the grievant(s) and/or the employee's designated representative and the principal or immediate supervisor within ten (10) days after receiving the written grievance. The District Administrator or his or her designee shall respond to the written grievance within ten (10) days of the meeting or at a later date as determined by the District Administrator if further investigation is warranted. Where further investigation is warranted, the District Administrator or his or her designee shall inform the employee or the employee's designated representative (where applicable) as such. The District Administrator or his or her designee shall indicate in writing the disposition of the

grievance and forward it to the grievant and (if applicable and appropriate) the grievant's representative. If the matter cannot be resolved or if no answer is provided in the stated timeframe (absent an investigation by the District Administrator or his or her designee), the grievant(s) may file an appeal to the impartial hearing officer.

Step Four - Appeal to Impartial Hearing Officer: If the grievance is not resolved in Step Three, the employee must notify the District Administrator or his or her designee, within ten (10) days after receipt of the District Administrator's answer or if no response is provided within ten (10) days of the deadline for the response, if he or she intends to process the grievance to an Impartial Hearing Officer ("IHO").

If there is a dispute over the timeliness or the ability to use the grievance procedure on the issue, the Administration shall have the discretion to address whether the grievance was filed in a timely manner before hearing the merits of the grievance or address whether the content of the grievance is properly before the IHO.

The IHO will be designated by the District Administrator. Any costs incurred by the IHO will be paid by the School District. The IHO will convene a hearing in the manner the IHO determines necessary. The IHO will have the authority to administer oaths, issue subpoenas at the request of the parties, and determine whether a transcript is necessary.

The District shall provide all relevant documents to the employee and/or his or her designated representative, including all documents relied upon in making its decision, at least fifteen (15) days in advance of the hearing. The parties shall exchange witness lists in advance of the hearing to expedite the hearing unless mutually agreed otherwise. The IHO may require the parties to submit grievance documents prior to the hearing to expedite the matter.

At the hearing, the employee and the District shall have the right to (1) have representation; (2) call witnesses; (3) submit documents; and (4) provide testimony. The burden of proof in such hearings shall be "a preponderance of the evidence."

In termination and discipline cases, the District shall have the burden of proof. In such matters, the hearing examiner shall determine whether the District's decision was arbitrary and capricious by determining whether (1) the District has shown that the employee committed the offense(s) as alleged, and (2) if so, whether the level of discipline was appropriate.

In workplace safety cases, the employee shall have the burden of proof. In such matters, the hearing examiner shall determine whether the employee has shown that the District's actions violate workplace safety laws, District rules or policies or otherwise adversely affect the workplace health and safety of employees.

The IHO may request oral or written arguments and replies at the conclusion of the hearing. The IHO shall provide the parties a written decision of the matter. In making such decision, the IHO may only consider the matter presented in the initial grievance filed by the employee(s). The IHO shall have the authority to fashion the appropriate remedy but shall have no power to add to subtract from or modify the terms of the Board policy or rule that forms the basis for the grievance.

The decision of the IHO shall be final, subject to state and federal law, unless either party chooses to appeal the decision to the Board of Education in Step 5 of this procedure.

Step Five – Appeal to Board of Education: If the grievance is not resolved at Step Four, the grievance may be appealed to the Board of Education within ten (10) days after the decision at the prior step. Either the administration or the grievant may appeal the IHO's decision to the Board. The Board shall review any record from the hearing, and then present a written response to the parties within fifteen (15) days of receipt of the appeal. A majority of the full Board members shall decide the appeal. The Board's decision is final and may not be appealed. All Board actions throughout this process shall comply with requirements of Wisconsin's Open Meetings Law.

Any grievant may be represented at all stages of the grievance procedure by a representative of his/her own choosing at their personal expense.

Grievances of the same type, and with similar fact situations, may be consolidated at the discretion of the Administration.

This procedure constitutes the exclusive process for the redress of any employee grievance as defined herein. However, nothing in this grievance procedure shall prevent any employee from addressing concerns regarding matters not subject to the grievance procedure with administration and employees are encouraged to do so. Matters not subject to the grievance procedure that are raised by employees shall be considered by administration which has final authority, subject to any applicable Board policy or directive, to resolve the matter.

Hours of Work - Normal

Certified Staff:

Certified staff are professional employees as defined by the federal Fair Labor Standards Act and the Wisconsin Municipal Employee Relations Act, § 111.70(1)(L), Wis. Stats.

Although professionals' work is not limited to any specified number of hours or days per week, the "normal" hours of work for full-time Certified Staff employees are considered to be eight (8) hours per day Monday through Friday including a duty-free thirty (30) minute lunch period as required by law.

The District recognizes that Certified Staff regularly work additional hours outside of the “normal” workday, or on weekends, to complete their professional responsibilities. As a result of this additional work, the District recognizes the need to provide Certified Staff with flexible “professional work hours.” Therefore, the core Certified Staff workday will be 7 and ½ hours from 7:30 a.m. to 3:30 p.m. Although Certified Staff are still expected to perform a minimum of 40 hours per week, Certified Staff have the flexibility of performing a portion of their 40 hours outside of their building.

Certified staff will continue to attend administratively called and other necessary meetings that fall outside of the core starting and ending times, which include, but are not limited to the following:

- a. In-service meetings
- b. Parent teacher or student teacher conferences
- c. Open houses
- d. Awards nights and graduations
- e. IEP meetings
- f. Meetings determined to be of professional importance, extraordinary, or in the case of an emergency situation
- g. Faculty meetings

Building principals may permit Certified Staff to adjust their schedules on rare occasions for pressing personal matters such as appointments, emergencies, etc., that occur outside of the student day. Certified Staff may not work through their 30-minute duty-free lunch period as required by law.

Non-Certified Staff:

Support Staff schedules and daily hours will be determined on an individual basis according to their position within the district.

Full-time fiscal year Custodial/Maintenance employees will be scheduled to work forty (40) hours per week.

Building principals may permit Non-Certified employees to adjust their schedules on appropriate occasion for pressing personal matters such as appointments, emergencies, etc., that occur during their scheduled work hours if the employee is able to work all of their scheduled hours for that day in the time frame of that day. On such rare occasions, an employee may be permitted to report to work early and leave early or report to work late and leave late, but employees may not work through the 30-minute duty-free lunch period.

Hours of Work – Early Release

Where the calendar provides for a full work day prior to a holiday or otherwise designated day, the District Administrator or his or her designee will have the authority to release both certified and non-certified staff as early as 3:30 p.m. This shall apply to those employees who work until 3:30 p.m. or later. Staff whose hours of work end prior to 3:30 p.m. would not be released earlier than 3:30 p.m. The following days may be considered for early release:

1. Day before Thanksgiving recess
2. Day before winter recess
3. Day before spring recess
4. Day before Memorial Day recess

Immigration Law Compliance

The District is committed to employing only United States citizens and aliens who are authorized to work in the United States. Therefore, in accordance with the Immigration Reform and Control Act of 1986, employees must complete an I-9 form before commencing work and at other times prescribed by applicable law or District policy.

These requirements would include the PHA blood tests as well as completion of the medical questionnaire. Individual results would not be shared with the District; however, aggregate data of the insured population would be shared with the District for purposes of planning and coordinating its District-wide wellness program.

Meetings

Staff Meetings: Staff are required to attend all mandatory administratively called staff meetings. Administratively called meetings may begin before the normal workday begins or go later than the end of the normal workday. The administration shall attempt to provide reasonable notice of all such meetings. Staff who are required to attend administratively called meetings will receive no additional remuneration, above their regularly paid salaries, for attending such meetings.

Other Administratively Called Meetings: Staff are required to attend individual educational plans teams, parent-teacher conferences, department meetings or activities of similar nature, which are normally conducted at other times and are required to attend such events regardless of the date, time or duration of said meetings. Staff who are required to attend other administratively called meetings will receive no additional remuneration, above their regularly paid salaries, for attending such meetings.

Merit Pay

At the discretion of the Board of Education, merit pay may be awarded to individual employees.

Military Leave

The Kaukauna Area School District will grant a military leave of absence if you are absent from work because you are serving in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). You must give your supervisor advance notice of upcoming military service, unless military necessity prevents advance notice or it is otherwise impossible or unreasonable.

You will not be paid for military leave. However, you may use any available accrued paid time off, such as vacation or sick leave, to help pay for the leave.

Continuation of health insurance benefits is available as required by USERRA based on the length of the leave and subject to the terms, conditions and limitations of the applicable places for which you are otherwise eligible.

If you are on military leave for up to 30 days, you must return to work on the first regularly scheduled work period after your service ends (allowing for reasonable travel time). If you are on military leave for more than 30 days, you must apply for reinstatement in accordance with USERRA and applicable state laws.

When you return from military leave (depending on the length of your military service in accordance with USSERA), you will be placed either in the position you would have attained if you had stayed continuously employed or in a comparable position. For the purpose of determining benefits that are based on length of service, you will be treated as if you had been continuously employed. If you have questions about military leave, contact the Human Resources Department for more information.

Nepotism

Applicants for employment in the District shall be selected without regard to a relationship by affinity or consanguinity, which they may have with a current employee of the District. However, to avoid possible conflicts of interest, which may result from employment procedures, an employee who is related by affinity or consanguinity to another employee or applicant shall not participate in any decision to hire, retain, promote, evaluate or determine the salary of that person.

Definition: For the purposes of this *Handbook*, a "relationship by affinity" is defined as one that includes, but is not limited to, a relationship which an individual has with his or her spouse, designated partner, father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, adoptive sibling, adoptive child, adoptive parent, adoptive first cousin, a financial dependent or co-dependent [for example sharing the same place of residence]. A "relationship by consanguinity" is defined as a relationship which an individual has with a blood relative that extends to first cousin. The phrase "decision to hire" includes every aspect of the hiring process.

Employee Reporting Requirements: Should a District employee be called upon to participate in a decision to hire, retain, promote, evaluate, or determine the salary of a person related to him or her by affinity or consanguinity, as defined above, the employee shall refrain from participating in such decision and shall instead delegate his or her decision making authority regarding that person to the District Administrator or his or her designee. Should the District Administrator be called upon to participate in a decision to hire, retain, promote, evaluate or determine the salary of a person related to him or her by affinity or consanguinity as defined above, he or she shall refrain from participating in such decision and shall instead delegate his or her decision making authority in regard to the employment status of that person (i.e., decision to hire, retain, promote, evaluate, etc.) to another employee of the District.

Operators of District Vehicles, Mobile Equipment and Persons Who Receive a Travel Allowance

- A. Licensure: All employees who drive a District vehicle, operate mobile equipment, or receive a District travel allowance or mileage reimbursement must provide proof of a valid driver's license.

- B. Notice of Traffic Violations: All employees who drive a District vehicle, operate mobile equipment, or receive a District travel allowance or mileage reimbursement must notify their immediate supervisors immediately of any driving citation or conviction of a traffic violation. Supervisors receiving such notice will immediately notify the Business Manager. Payment for any citations received while driving a District vehicle is the responsibility of the driver. The reporting provision applies to citations or convictions as a result of operating either a District vehicle or personal vehicle.

- C. Mileage Reimbursement: Employees required to drive their personal vehicle will be reimbursed at the IRS rate. The employee's personal insurance shall serve as the first level of coverage.

Outside Employment

Outside employment is regarded as employment for compensation that is not within the duties and responsibilities of the employee's regular position with the school system. Personnel shall not be prohibited from holding employment outside the District as long as such employment does not interfere with assigned school duties as determined by the District. The Board of Education expects employees to devote maximum effort to the position in which employed. An employee will not perform any duties related to an outside job during regular working hours or for professional employees during the additional time that the responsibilities of the District's position require; nor will an employee use any District facilities, equipment or materials in performing outside work. When the periods of work are such that certain evenings, days or vacation periods are duty free, the employee may use such off-duty time for the purposes of non-school employment.

Overtime

Eligibility

Staff eligible for overtime pay shall be paid one and one-half (1½) times the hourly rate earned on the regular salary schedule for all hours worked over forty (40) hours per week. All overtime must be preapproved by the employee's supervisor.

Compensatory Time

By mutual agreement between the employee and the District, for non-exempt employees as defined by the Fair Labor Standards Act, compensatory time shall be granted in lieu of overtime pay subject to the requirements of the Fair Labor Standards Act. Employees wanting to earn

compensatory time in lieu of payment shall be required to enter into such written agreement with the District prior to earning compensatory time.

Compensatory time earned between July 1 and December 31 must be used prior to December 31 of that same calendar year. Compensatory time earned between January 1 and June 30 must be used prior June 30 of that same calendar year. For example, compensatory time earned on February 1, 2012 must be used by June 30, 2012. All compensatory time remaining in an employee's compensatory leave banks by December 31 or June 30 will be paid out to the employee at the employee's current hourly rate.

An employee shall be permitted to use such time subsequent to the request if the granting of such request does not "unduly disrupt" the operations of the District. Mere inconvenience is not considered to be unduly disruptive. However, a request to use compensatory time at the beginning of an academic quarter or semester, or the use of such time during a period prior to the start of the school year may be unduly disruptive regardless of when the request is made.

Pursuant to 29 C.F.R. § 778.419 (1994), any staff member who is employed in a full time job (40 hours per week) and who also does the identical work in overtime hours will be paid overtime based upon the normal base rate for the type of work done in the full-time job. An employee employed in a less than full time job who does the identical work in overtime hours (more than 40 hours per week) will be paid overtime based upon the normal base rate for the type of work done in the primary less-than full-time job.

Where an employee has two different jobs, or works for more than one hourly rate, the following will control:

- A. Any non-exempt, hourly employee who is employed in a full time job (40 hours per week) for the District and who also does separate, unrelated work for the District with duties that are separate and unrelated to the employee's primary employment will be paid overtime based upon the second job's rate that is in effect for the work as if it were being done during non-overtime hours.

For example, if a District employee's primary job is an Administrative Assistant and is being paid \$15.00 per hour and occasionally works as a ticket taker for sporting events for \$10.00 per hour, all overtime pay for work after 40 hours per week will be based upon the base rate of \$10.00 per hour, since that rate is the rate in effect during overtime hours.

- B. Any employee who works a primary job for less than 40 hours per week but who, due to performing two District jobs with different rates of pay, accumulates more than 40 hours per week, will have his or her primary job's hours accumulate first, up to 40 hours per week. The secondary job will then supplement the primary job's hours up to and beyond 40 hours per week. The secondary job's rate of pay therefore will determine the base rate for all overtime calculations.

For example, if a District employee's primary job is as an Educational Assistant and works for 30 hours per week at \$12.00 per hour, and also works for the District as a score keeper at athletic events at \$10.00 per hour, the employee will be paid \$12.00 per hour for the first 30 hours, \$10 per hour for the next 10 hours (the 30 hours plus the 10 hours add up to 40 hours) and \$15.00 per hour for the last 10 hours per week.

All such overtime as illustrated above in (A) and (B) will be paid by the "secondary employer," since overtime hours are defined as those beyond 40 hours per week.

Employees will be required to complete District provided timesheets in the performance of such work. In completing such timesheets, the employee acknowledges that he or she has read and understands the Overtime Policy, as well as the procedures explained above. In agreeing to perform such secondary work for the District, the employee voluntarily accepts the employment at the rate indicated in this policy. The additional employment shall not interfere with the employee's primary assignment.

- A. Liability: The District does not assume any responsibility for loss, theft or damages to personal property. In order to minimize risk, the District advises employees not to carry unnecessary amounts of cash or other valuables. If employees bring personal items to work, they are expected to exercise reasonable care to safeguard them. The District is not liable for vandalism, theft or any damage to cars parked on school property.
- B. Professional Appearance

You are "the face of the school district" to the individuals with whom you have contact and should present an appropriate and professional image to our school community and public. You are accountable for exercising good judgment in choosing proper attire that reflects professionalism.

Staff members are expected to be neat and professional in their dress. Monday through Thursday of each week, business casual is most appropriate dress. Administration is encouraged to

consider the work performed and other unique situations such as field trips when determining appropriate attire. Staff must get approval from the building administrators if they feel business casual would not be appropriate for their level or certain activity.

In addition to the above guidelines in effect Monday through Thursday, staff may be permitted to wear more relaxed attire on Fridays, including jeans. The overall look should be clean and appropriate and continue to reflect our professionalism. In the event that there is no school on Friday, there will be no causal day for that week.

Dress for “Spirit Days” or special occasion days will be at the discretion of the building administrator.

Administration will determine when personal protective clothing and gear must be worn.

Professional Development

All certified staff shall engage in independent and active efforts to maintain high standards of individual excellence. Such efforts shall include keeping current in each specific and applicable area of instruction, Board established curriculum, as well as continuing study of the art of pedagogy. In addition to maintaining high standards of excellence for the students and school, the certified staff member will make him/herself available during the contractual year and day to his/her colleagues for assistance, to the District for services beyond those specifically required as part of his/her individual contractual duties, and to the community as a valuable resource.

Representation

In the event any employee is called to a meeting with representatives of the District for the purpose of issuing discipline or discharge, or for the purpose of investigating circumstances which may lead to discipline or discharge, the employee shall have the right to representation prior to and during the meeting if requested by the employee. In the event the employee chooses to have representation, the meeting may be delayed, at the discretion of the District, until appropriate representation may be obtained. Nothing in this provision shall prevent the District from removing an employee from the work place if immediate action is required.

Requisitions and Budgeting

Individual school budgets are prepared throughout the school year. Careful analysis of your future needs is necessary based on current inventory, proposed curriculum changes, improvements in instruction, and enrollments in classes for next school year. Those budgets are then submitted to your principal according to individual building procedures.

Supplies and equipment ordering is done through approved vendors in accordance with business service procedures.

Resignation – Certified Staff

2. It is agreed that liquidated damages are due to the District with the sixty (60) calendar day notice of resignation. Staff shall not be released from an individual contract pursuant to Wis. 1. Employment transfer of spouse;
2. Illness of employee;
3. Other reasons as determined by the Board of Education.

In the event the District chooses to waive the liquidated damages, the District shall return any damages submitted with the resignation notice to the employee.

C. Any employee involuntarily called into service by the United States government for military duty shall not be assessed liquidated damages under this Article.

If at any time there are no active employees contributing to a particular vendor, that vendor shall be removed from the District-approved vendor list.
- E. The amount to be deducted is selected and the determination made wholly by the person choosing to participate in the Savings Program. Deductions must meet IRS 403(b) regulations.
- F. Effective July 1, 2011, or sooner if administratively feasible, if the vendor accepts electronic payments, the District will electronically transmit to the TSA vendor(s) the amount of the salary deferral elected by the employee if the vendor does not accept electronic payments, the District will make the payments by paper check. This new provision for transmitting to vendors will require the District to transmit the amount of salary deferral twice a month, if the vendor provides the District with an invoice twice per month. The salary deferral will be transmitted on or about the date the money is deducted from the employee’s paycheck, provided that the District receives the appropriate invoice from the vendor. In unforeseen circumstances, transmittals will be made no later than fifteen (15) business days following the end of the month in which the amount would have been paid to the participant.

G. Employees may choose to defer either a percent of salary or a specific dollar amount up to the amount permitted by law. The salary reduction limit (402(g)(1)), the age fifty (50) additional deferral (414(v)(2)(B)(i)), and the “catch up” provision (402(g)(7)) for employees with fifteen (15) or more years of service may change annually.

H. The salary reduction limits will be adjusted from time to time to conform to statutory limits.

4. Hardship withdrawals are permitted and IRS safe harbor standards with respect to estimating an immediate and heavy financial need [Treasury Section 401(k)-1(d)(3)(iii)(B) will be used]. Contact the vendor or plan administrator for further details if a hardship withdrawal is requested.
