Re: Referendum Recommendation and Decision Making Process

## Recommendation Overview:

On January 7, 2019, the Board of Education received and discussed the Action Team's recommendation to support a referendum not to exceed \$32,930,000 for the purpose of paying the costs of District-wide safety and security improvements; instructional space renovations to the District's four elementary school buildings; instructional space renovations to River View Middle School as well as the addition of a multi-purpose space/gymnasium; and equipment acquisition related to said projects. Additionally, the support for the referendum would realign the elementary school grade configuration from the current model to the recommended model of each elementary school hosting grades 4K - 4.

The Action Team also recommended that the Board of Education pass a two question resolution authorizing general obligation bonds. The first question would be an amount not to exceed \$27,130,000 for the purpose of paying the costs of District-wide safety and security improvements; instructional space renovations to the District's four elementary school buildings; instructional space renovations to River View Middle School; and equipment acquisition related to said projects. The second question would be an amount not to exceed \$5,800,000 for the purpose of paying the costs of constructing and equipping a multi-purpose space/gymnasium addition to River View Middle School.

The Action Team will completely support the Board's final decision.

## Decision Making Process:

To complete the due process for a referendum, the Board must act on two agenda items.

- 1. Information and Discussion Item 7B and Action Item 8A:**  
Consideration of Initial Resolution(s) Authorizing Issuance of General Bonds in an Amount Up to \$32,930,000. (Determining the Amount and 1 or 2 Questions)
- 2. Information and Discussion Item 7C and Action Item 8B:**  
Consideration of Resolution Providing for a Referendum on the Proposal Issuance of General Obligation Bonds. (Allotting the Amount(s) based on 1 or 2 Questions)
