**INTERNET ACCESS / DIRECTORY INFORMATION WITHDRAWAL**

**Note: Failure to sign this form will result in denial of the associated services for the student.**

*Student Internet Use:* The Internet represents a unique opportunity for students to explore information that enhances learning. The internet also has some resources that are not appropriate for young people. We believe benefits outweigh negatives but we are aware that there are some resources we would not want students to investigate. To reduce the risk of students accessing inappropriate Internet sites, we use an Internet site filtering system. The school district is committed to helping students use the Internet responsibly but it is not possible to monitor student usage at all times. Students are given instruction in the appropriate use of technology and directed toward resources appropriate to curriculum goals. All students who use the Internet are required to adhere to district policies.

I do NOT give Kaukauna Area School District permission to allow internet access through the KASD network for this student during the current school year.

*Directory Information:* Kaukauna Area School District may disclose “directory information” without written consent, unless you have advised the Schools otherwise. Examples: a playbill, showing your student’s role in a school program/drama production; the annual yearbook; honor roll or other recognition lists; graduation program; and sports activity sheets, such as for wrestling, showing weight and height of team members. Directory Information can also be disclosed to outside organizations, which may include but not limited to companies who manufacture class rings, those who publish yearbooks, photography studios and local driver’s education companies. In addition, two federal laws require local educational agencies to provide military recruiters, upon request, with directory information.

I do NOT give Kaukauna Area School District permission to share directory information.

---

*Permission to Publish:* For the purpose of sharing with the community the exemplary work of our students and creative, exciting activities happening in our schools, student photos and/or work may be published in local newspapers, on the district website, or in the district newsletter.

I do NOT give Kaukauna Schools permission to publish my child’s picture or work in any media, excluding the yearbook.

---

*School Yearbook:* Yearbooks will be offered to purchase at each school. Permission is required to include your student’s picture in the book.

I do NOT give Kaukauna Area School District permission to publish this student’s picture in this school year yearbook.
